PROFESSIONAL PROFILE

A motivated Tech oriented enthusiast willing to work in a challenging environment. Exceptional communication and negotiation skills. Driven to succeed with a strong work ethic and commitment to excellence.

I am passionate about technology and for me to be part of the technology, I learned programming that has pushed me to explore many things that includes android application. Being part of the developer's community made me to be open-minded and optimistic on what that I do knowing my ideas are put into use. I am able to effectively self-manage during independent projects as well as collaborate in a team setting.
